## Your very own montage

As presented by Soil Member and Artist

### Thom Heileson

Remember those 80s teen comedies and overcoming-the-odds movies,  
when they needed to condense a period of time & multiple activities into a  
convenient minute or so, matched to an upbeat ditty?

Herr Direktor Heileson will follow your antics  
(or those of your friend/victim/gift recipient) for a chunk of a day (up to 3-4 hours), then edit the  
highlights into a movie-style montage to your favorite song.  
(You'll get a DVD and web-formatted clip, posted on Ye Olde YouTube if you'd like, you exhibitionist you.)
